## Pueblo Grande's Prehistoric Environment and Ancient Subsistence Practices: A View from Soil Systems' Pueblo Grande Project

By  
Scott Kwiatkowski  
Registered Professional Archaeologist

This book is available at the Museum on-line store at <https://pueblogrande.org>

Scott Kwiatkowski (M.A., Arizona State, 1988) has been a professional archaeologist in Arizona since 1986. Between 1988 and 1993, while employed by the Phoenix-based consulting firm Soil Systems, Inc., he worked on their Pueblo Grande Project as both a crew chief during the excavations and subsequently as the editor of the environment and subsistence volume. He has served as the Archaeologist for the Yavapai-Prescott Indian Tribe since 2004.
